Financial Department.

SIR,

With reference to your letter No.320/Muz. dated 15th August -- 1928 forwarding for report in consultation with the Director of Public Instruction in Mysore, the petition of Mr. Karnik Krishnamurthi Rao praying that the Veda Pathasala at Nagadi may be shifted to the Sri Someswaraswamy temple at the place etc., I have the honor to forward herewith in original the report of the Inspector of Sanskrit Schools received through the Director of Public Instruction opining for reasons stated that the question of shifting the Patasala may be considered when all the arrangements contemplated by Mr. Karnik Krishnamurthi Rao for the boarding and lodging of students are complete.

2. The Deputy Commissioner Bangalore District who was consulted in the matter agreeing with the views of the Sub Division Officer states that it is undesirable to shift the Patasala from its present place.

3. I am also of opinion that the immediate removal of the Patasala may be deferred and the question taken for active consideration when the generous intentions of Mr. Krishnamurthi Rao materialise and the charities contemplated by him are placed on a satisfactory footing.

4. In view of the inconvenient situation of the Patasala brought to notice in the Assistant Inspector's report, an enquiry will be made of the Deputy Commissioner whether it will not be possible to shift the Patasala to a better locality and commodious building -- and necessary further action taken in the matter.

The file of correct d papers is enclosed for reference and return.

I have the honor to be,

Sir,

Your most obedient servant,

Mazrai Commissioner.

Report on the inspection of the Veda-pathasala at Hagadi with reference to the expediency of shifting the Pathasala from its present locality to Sree Someswara temple.

I beg to submit the following report on the above subject:

present accommodation:-

The Veda Pathasala is located at present in the heart of the town, in a temple. Two classes one for Rigveda and another for Yajurveda are held on two quadrangular trials in front of the temple. The accommodation is not sufficient even for half a dozen students on each trial. Besides as the two trials are not separated by any partition wall or screen, the noise caused by the recitation in one class disturbs the teaching work in the other class.

Strength:-

The whole institution contains 17 students - namely 9 in Rigveda class, and 8 in the Yajurveda class. Of the 9 students in the former, six students come from mofussil places and the remaining 3, are the residents of the place; and of the 8 students in the latter, 3 belong to mofussil places and the remaining 5 to the town proper and its suburbs. Sirsenahalli.

Qualification of teachers:-

There is one local Smartha teacher for Rig Veda class. He is not a passed candidate and hence his qualifications are poor. For Yajurveda class there is one Sree-Vaishnava teacher, who is a resident of Sirsenahalli a suburb of Hagadi Taluq; and though he also has not passed any examination yet it is said that he is capable of teaching Yajurveda well, as he has a mastery over it. This fact is borne out by the efficiency of his students some of whom were examined in Vedic recitation along with the Rig Veda students.

Committee-members:-

(1) Mr Amildar of the Taluq
(2) " T. Rama Chandra Rao
(3) " M. Krishna Rao
(4) " Pandyam Ranga Swamy Sastri
(5) " M. Krishna Iyengar Sowcar
(6) " Dakshina Murthi [illegible]

The marginally noted gentlemen form the members of the School Committee in question.

Excluding the Amildar, the five other members for, but only 4 of them were present, Mr T Rama Chandra Rao being sick. These 4 members were requested to furnish their opinions in writing, regarding the expediency of Shifting the Patasala to Sree Someswara Swamy Temple.

Inspection and examination of the Locality near Sree Someswara Temple:- Along with some of the members of the patasala and with two members of the Renovation Committee, the temple was inspected and the places available for classes as well as the locality where the accommodation for Students and Teachers would be provided by Sri Karnie Krishna moorthy Rao, were carefully examined. Then, the opinion of the members were obtained in writing which are here to annexed.

Remarks on the opinion of the Committee members:-

Two members namely Mr P Ranga Swamy Shastry and Sri Dakshina moorthy Shastry, are in favour of Shifting the Patasala to the temple and they say, in view of the fact that Mr. Krishna moorthy has already spent a large some of money for the renovation of the temple and is ready to provide boarding and lodging to the Students of the patasala, it is really a boon to the people of Nagada especially the Student population and it should not, on account, be missed to secure. But Mr H. Krishna Iyengar in recognising such a boon, says that when the boarding and lodging arrangements are completed, a new patasala may be started there with the help of the fund belonging to the temple, and objects to the Shifting of the present patasala to that temple, on the ground, that the existing patasala is partly maintained by the fund belonging to the Ranganatha temple of at Srirangala, while the other member, Mr Krishna Rao says in one voice, that the present patasala may be Shifted to Someswara Swamy Temple after necessary accommodation and boarding arrangements are completed, and opines at the same time that he is not in favour of Shifting the Patasala. So his opinion may be taken as neutral, since he gives positive as well as negative statement regarding the matter

Inspection officer's opinion:

Sree Someswara Temple though it is not in the municipal boundary is situated at a distance of 5 furlongs from the town. It is on the elevated ground with impressive structure, commanding good scenery on all sides with Spring wells and ponds, scattered over here and there. This a massive building with the grand architectural beauty of the Chalukya Style. It contains many quadrangular stone pillared halls available for any number of classes to be held. This comparatively a healthier locality than the town itself. A large amount of money has already been spent for its renovation when rooms for students and houses for teachers spring up in its vicinity, it will be an ideal place for holding Veda classes. In fact if all necessary arrangements are made it will really be a Brahma Charya Ashrama, or a Gurukula for religious study. When a great philanthropist has come forward with a liberal gift to provide for the boarding and lodging of the Students it may not be a right policy, in my opinion, to disregard the offer on mere difference of local opinions, which always exist in all places where men of different sects and different worships live. The main objection seems to be that the new place is far away from the town. This objection can be met with easily by explanation, that while the Students are now coming to the pathasala from Tirumala which is at a distance of about 1½ miles from the town, and the Students from surrounding villages, at distances ranging from one to four miles, are going to Nagadi town for Canada and English Education, no despair will be felt by any Student in going to the temple for religious education. This idea is further corroborated by the fact that many of the Students, now reading in the present Pathasala, are willing to go to Someswara Temple if all the facilities required are created there. The other objection is that the present pathasala is partly maintained by a fund belonging to Ranganatha Swamy Temple at Tirumala

This being the Kenzarai Institution, the Government are at liberty to transfer the Superfluous fund belonging one temple to any religious, educational, or charitable purposes Again the inconvenience that may be felt by the Students going from Tirumale to Someswara temple for Vedic instructions may be got over by attaching a teacher to Ranganatha Swamy temple itself to give instructions in Yajurveda and Prabandha literature which Sree Vaishnava people there, have got a great desire for.

Besides, the Muslim Students find it hard to get the feeding facilities at present in the town, and they learnt that some of the Students who went to Magadi for Vedic instructions, went away disappointed as they could not get weekly meals etc. The present offer by Mr M. Krishna Murthy will go to a great extent to solve the naughty and difficult problem.

Considering all the circumstances and seeing all the advantages that may accrue hereafter from the liberal offer made by Mr M Krishna Murthy, and paying particular attention to the future prospects of the Patasale itself, I am of the opinion that this expedient to shift the Patasale when all the conditions are fulfilled by the Donor in this respect-
